Dear Members of the Equine Evacuation Unit:

I am writing to express sincere appreciation for the efforts of each member of the Equine Evacuation Unit in response to the Lockheed Fire. Your work protecting the safety of animals in the absence of their owners is a specialized service that is truly of great value and assistance.

During times of emergency, our community is blessed with a host of agencies, organizations and individuals throughout the county who immediately step in and help out in any way possible. This outpouring of support is truly heartwarming.

Again, on behalf of a grateful Santa Cruz County community, thank you so much for your efforts in response to the Lockheed Fire.

Sincerely,

NEAL COONERTY, Chairperson  
Board of Supervisors
